About First Pres. Nursery School

Our school has been serving the community since we opened our doors on October 7, 1968. First Pres. Nursery School is dedicated to developing the emotional, intellectual, social and physical growth of our students. We believe that education is a cooperative effort among students, parents and staff, designed to stimulate the creativity and achievements of the individual. We feel that each young person entrusted to us is important, and we consider it a privilege to be a part of your child's life! All of our classes are taught by experienced, caring and creative teachers. All teachers have a Bachelor's degree, a background in Early Childhood Education through college certification and/or experience, and are required to attend a minimum of 12 additional hours of early childhood education training annually. We are fully licensed by the state of NJ.

- Dismissal

** These classes are offered to the 3 Day 3 year olds and older.*

Program Goals

Each of our classes provide age-appropriate reading and math readiness, stories and songs, large and small muscle development, science, social studies and art. Below are highlights of our programs to prepare your child for Kindergarten.

ACADEMIC PROGRAMS

Readiness Activities - your child will develop listening and visual skills needed for reading

Math Activities - using manipulatives, your child will be exposed to numbers and math concepts.

Early Writing Activities - Each child is encouraged to transfer learned symbols into writing.

Science Activities - children are encouraged to make predictions with "hands-on" scientific concepts.

SOCIAL DEVELOPMENT

Children take part in daily group activities. Through these activities, your child will learn to interact and cooperate with teachers and peers.

MOTOR SKILLS

Large Motor Activities - in addition to daily playground time (weather-permitting), a weekly physical education class is taught by our P.E. teacher in our upstairs gymnasium.

Fine Motor Activities - hands-on manipulatives and daily arts & crafts activities offer children the opportunity to gain control and strengthen the muscles they will use as they begin writing.
